Nothing makes us prouder than watching food start ups flourish in our venues. That's why our model focusses on guiding you through those first steps to alleviate some of the stress, so you can focus on growing and thriving. We offer the invaluable experience of working alongside other food partners at different stages of their journey - all developing and learning with each other.'

Last Year's Launch... Cambridge Street Collective!

The Blend Family's latest launch, Cambridge Street Collective, is set in the heart of Sheffield and has been a focal point for the regeneration of this area. Since its launch in 2024, it has already won Food Hall of the Year 2024 and is the largest purpose-built food hall in Europe.

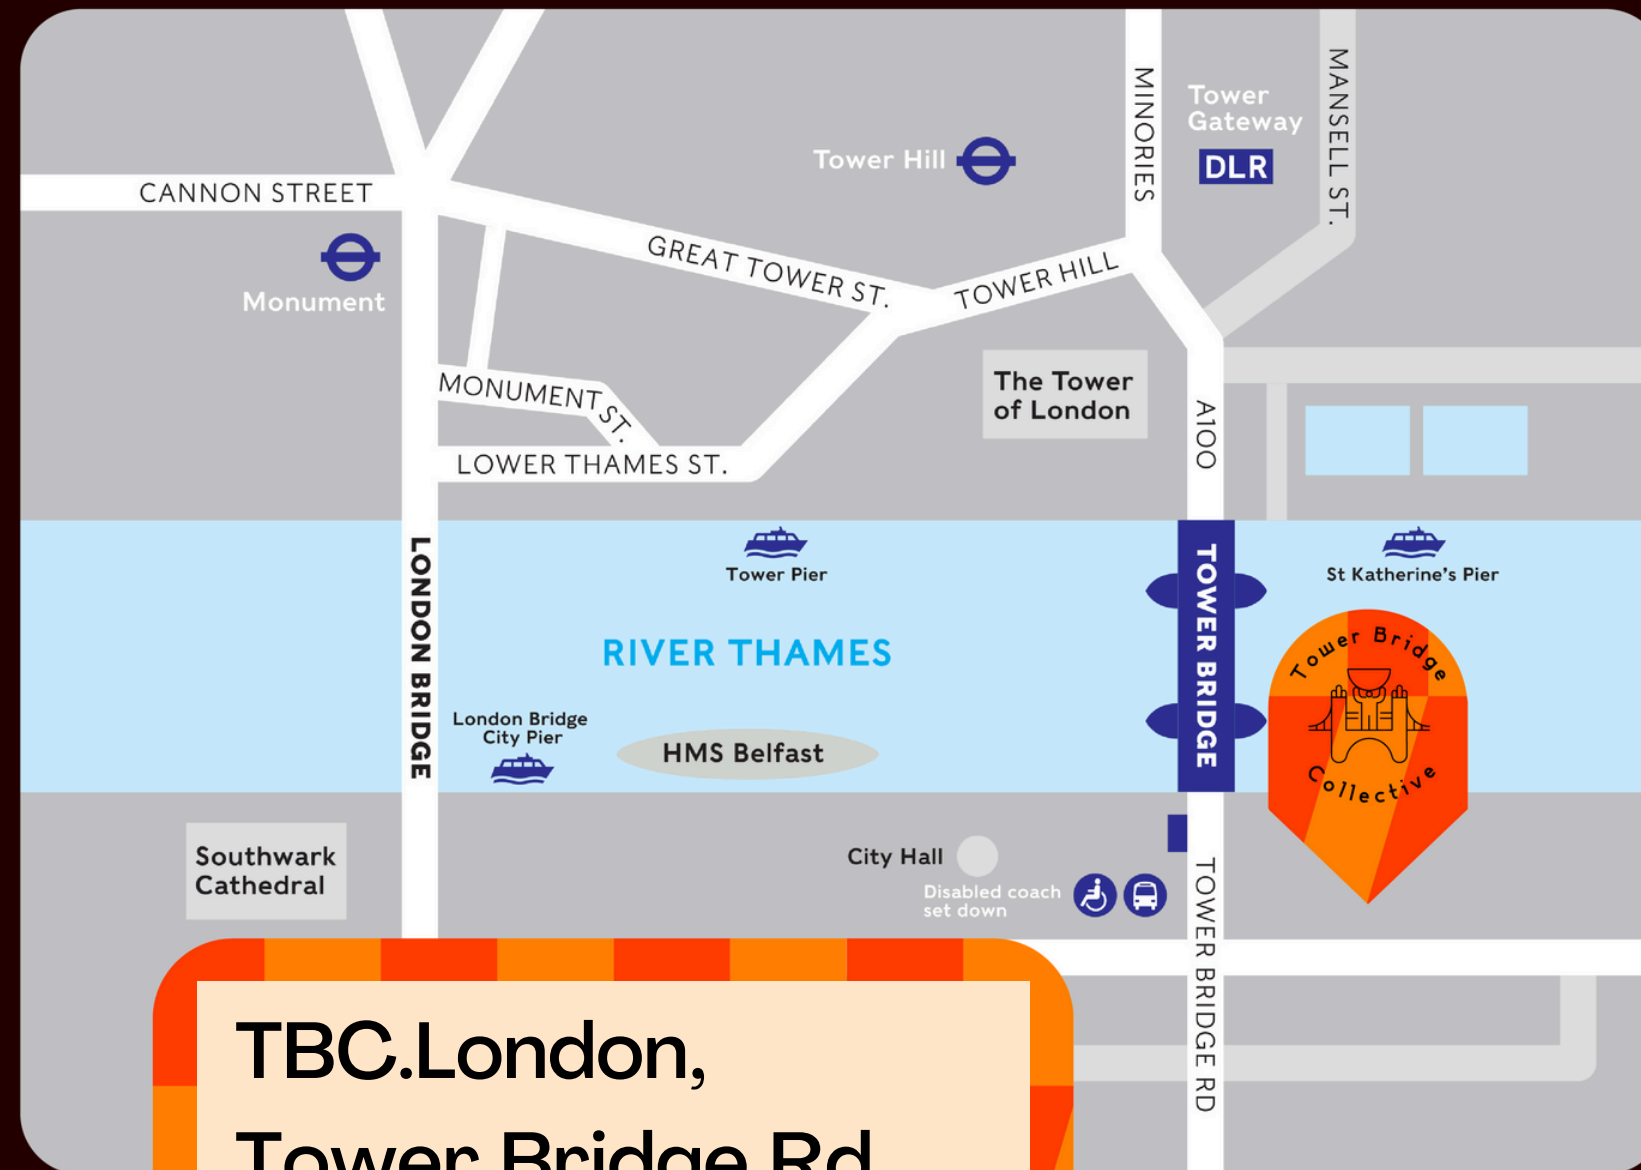

With 20 independent kitchens, this four-story site has indoor and outdoor spaces and is the original home to Blend Culinary Foundation.

Blend Culinary Foundation (CIC), is an important part of the Blend Family, with its mission to alleviate food poverty, to enhance food education and to unite our diverse communities through food.

We look forward to recreating an equally exciting venue in London. Come join us!
